

Morning Star Ministries Update June 2016

Dear Friends,

Saukina is Free

Thank you so much for your support for Saukina. A few days ago the young man's family who had paid a dowry for her came to arrange the marriage (she is 14 years old). Saukina's family, supported by us, told them that they had made a mistake by entering into this engagement and asked the family to cancel the engagement and they would repay the dowry. To our amazement and as a result of prayer this was agreed and put in writing which all parties signed. Saukina's parents also signed an agreement allowing Morning Star to assume joint responsibility with them for Saukina's future marriage after she has completed her education. Once Saukina is 18 she has the legal right to choose her marriage partner. She is now free from this burden and can focus fully on her studies. Thank you Jesus. 😊😊

We are in the process of asking all the parents of children in our care to sign similar agreements, and, in the cases of children who have already been engaged, we will seek to get these agreements revoked. It has been the practice in the past of the slum community to engage their children as young as 4 or 5 years old, but after seeing the benefits of their children receiving an education they are changing their thinking on this matter.

Please pray for us as our young people grow up that the Lord will help us to help them find godly life partners.

Exam Results

Congratulations to Roopa who passed her GCSE's with an overall B grade. She will now have one month holiday before returning to continue her science 'A' levels at a top residential Christian school for girls.

Sanjay passed all subjects except science which he will retake in September. We have arranged extra tuition for him while he continues his 'A' level studies.

Sunny has to retake science and English and we have made arrangements for his tuition while he continues his 'A' levels.

Both boys are really enjoying life at a residential college and are highly motivated to complete their studies.

New Admissions

Last month we welcomed three new girls into our family...

Christiana and Arratena....two abandoned sisters who were wasting away on a slum until Monu and Raj our two eldest children heard of their plight and went and rescued them. We are thrilled to have these two precious girls in our care and just as thrilled that our older children have compassionate hearts to rescue and restore children who are living in the terrible conditions that they once did. Well done Raj and Monu, we're so proud of you 😊😊.

Zareena.....is the 5 year old sister of Ravina, Kareena and Kiran who already live with us and she is delighted to have joined her sisters.

Eye Camp

We had a team of eye doctors visit and carry out optical tests on all our children and staff and provide glasses and any medication needed free of cost.

New School

The chief state minister visited our village at the end of last week and ordered the council authorities to complete the outstanding waste water and electrical work on our new school building. He is also paying for it! We believe this is God's intervention on our behalf and we are looking forward to moving in imminently. After so many broken promises, that work would be done; please keep praying this finally comes to pass!

Thank you all for your support as we move forward in Jesus' name.

With love in Jesus' name,
